

Calhoun's 2016 Report Card

On the average, this report seems to be balanced, so advancement to another year is recommended. Legend: A= Myron A., J= Nancy J.

Health

eyesight

		A

Draw separate lines through the A's & J's to show a "critter".

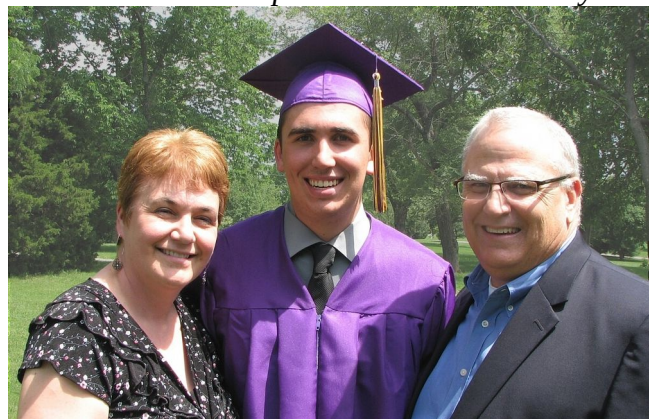

Arianna

The highlight of the year was the high school graduation of our grandson Caleb.

Caleb with his parents Edith and Danny

Children: Daughter Edith (husband Dan) teaches 4th grade in Lees Summit, MO; son Omner (girl friend Sandi) works in digital development in Melbourne, FL; son Aaron (significant-other Donna) lives in Denver and protests the Dakota Access Pipeline with the Standing Rock Sioux in ND.

Siblings: Andrew Laura Caleb Brennen

Both Caleb and Brennen make the rest of us look short.

Grandchildren: Andrew (wife Deidra, daughter Arianna) works in printing in Independence, MO; Laura studies communication at Truman State, Kirksville, MO; Forrest studies culinary arts and works in Gallup, NM; Caleb studies at Graceland University in Lamoni, IA (our alma mater); Brennen marches with the Golden Regiment Band of Blue Springs High School, MO (he was in the Waikiki Holiday Parade, HI, on Nov. 25).

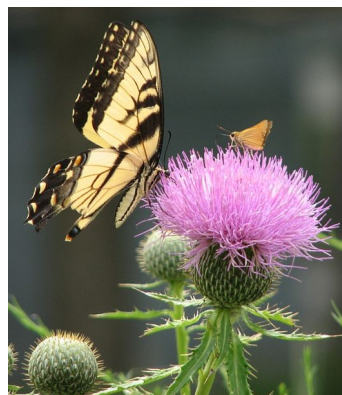

After Brennen's jazz concert in April, we got a picture of him smiling.

Forrest (Aaron's son)

Some of our flora and fauna (critters):

Best wishes to you and your family in 2017.
